

Proud to Be an American

Providing Dignity & Hope for Veterans.

How Your Donation Makes an Impact...

William Almore, Navy

74-year-old William Almore suffers from congestive heart failure and cancer. Constrained by mobility, William was not getting proper nutrition, and was missing medical appointments. The Bonita Bay Veterans Council provided William with a motorized wheelchair. We wanted to be sure that William had access to healthy meals, so we arranged for seven day-a-week delivery of “Meals on Wheels” for a year.

Anthony Nelson, Marine

The Nelson family was in need of some home improvements. The Lee Health Veterans support Group passed the information on to the Bonita Bay Veterans Council, and we responded by replacing a broken air conditioner, providing numerous repairs, new plumbing fixtures and painting the entire exterior of their home.

Matt Brennan, Marine

Matt Brennan, a Purple Heart recipient, needed repairs to his home to make it handicapped accessible. The Bonita Bay Veterans Council arranged for removing a tub and installation of a walk-in shower, purchase & installation of a handicapped toilet, and purchase & installation of new carpeting in several rooms.
